Introduction:

This list is the union of the calls found in the following lists:

Clark Baker's C4 list from June 1996 (as revised June 1997)
Vic Ceder's C4A through C4D lists (as revised June 1997)
Mike Jacobs Limited C4 Tapes call list from June 1993
Lynette Bellini's list from January 1996 (as revised June 1997)
Ben Rubright's list from January 1996 (as revised June 1997)
Dave Wilson's 2006 list (as revised January 1996)

My thanks to the above folks for providing the source materials, especially to Clark Baker, whose list provided the template for this. Any mistakes are of course my own responsibility, and I'd appreciate hearing about them. I plan to have further editions to reflect future changes.

Concepts with multiple names are cross-referenced. In an effort to keep the number of lines from expanding further than necessary, similar calls are often listed on the same line (such as Any Tagging Call To An Hourglass | Interlocked Diamond | Z). In such cases, not all callers listed may use all possible listed variations.

Each call has a code to indicate which callers use it. Each caller is represented by initial, as follows:

B = Clark Baker
C = Vic Ceder
J = Mike Jacobs
L = Lynette Bellini
R = Ben Rubright
W = Dave Wilson
